

## Sustainable finance at HSBC

**[Text on screen]** We're proud to be the leading bank for sustainable finance.

This year, we've helped investors put USD474 million into green projects in emerging countries.

Completed market-leading transactions for wind, solar and sharing clean power.

Introduced market-first green loans and bonds to help clients cut carbon and launched our Environmental, Social and Governance (ESG) Solutions Unit to help businesses build a more resilient future.

And there's more to come.

HSBC. Together we thrive.
